Filing Date: July 23, 2003 Art Unit: 1744  
For: System for containing and processing small objects

Summary of Interview of June 14, 2007

Applicants thank Examiner Bowers for his helpful comments and suggestions during an interview held on June 14, 2007 at the U.S. Patent and Trademark Office with Applicants' representative S. Guterman regarding outstanding rejection of the claims, and newly presented claim amendments.

Examiner Bowers stated that it appeared that the amendments to the claims overcame the 35 U.S.C. §102 rejections in view of Frondoza et al. and Feygin et al. A new search and consideration is necessary to determine patentability of the amended claims.

Respectfully submitted,

Adam M. Schoen, Reg. Number 58,576
